## DISEÑO

|                     |  |
|---------------------|--|
| <b>USB Grabador</b> | Grabación Antena por USB (Requiere HDD 80GB-2TB) |
|---------------------|--|

|                      |        |
|----------------------|--------|
| <b>Color Frontal</b> | Blanco |
|----------------------|--------|

|                      |        |
|----------------------|--------|
| <b>Color Trasera</b> | Blanco |
|----------------------|--------|

## DIMENSIONES

|              |                         |
|--------------|-------------------------|
| <b>Marco</b> | Marco Slim de una pieza |
|--------------|-------------------------|

|              |         |
|--------------|---------|
| <b>Peana</b> | 2 Patas |
|--------------|---------|

|                                     |                                  |
|-------------------------------------|----------------------------------|
| <b>Dimensiones Sin Peana / VESA</b> | 973x572x85mm. 8Kg. VESA: 200x200 |
|-------------------------------------|----------------------------------|

|                              |                       |
|------------------------------|-----------------------|
| <b>Dimensiones con Peana</b> | 973x623x216mm. 8.1Kg. |
|------------------------------|-----------------------|

|  |             |
|--|-------------|
| <b>Medidas Peana / Distancia entre patas</b> | 809 X 216mm |
|--|-------------|

|                              |                         |
|------------------------------|-------------------------|
| <b>Dimensiones sin Peana</b> | 1060x660x152mm. 10.2Kg. |
|------------------------------|-------------------------|
