In the hybrid workplace you need to ensure that your teams are continually in close collaboration with one another. ClickShare CX-50 is a premium agnostic wireless room system designed to facilitate exactly this. Connecting you in less than seven seconds and allowing users to participate in completely wireless and productive hybrid conferences.

Find out what's new in the latest ClickShare update

Interact, discuss, collaborate with remote participants in superior AV quality driving multi-content sharing

## Superior wireless conferencing

ClickShare CX-50 brings superior, seamless one-click wireless conferencing. With our agnostic wireless room system, you start a hybrid meeting from your laptop, using any conference tool. No cables, no mess. Everyone is heard, everyone is seen, no matter where they are.

Walk in, connect automatically to room devices like cameras, mics, speakers, sound bars for a supreme AV quality. Works with large selection of compatible solutions from global partners and brands. Make hybrid collaboration flow in large meeting rooms and conference rooms with only one click.

## Choose how you want to collaborate

With ClickShare CX-50, you can "bring your own meeting" and decide how you and your guests collaborate. Plug & play with the ClickShare Button and choose for smart, intent-based meeting flows powered by the ClickShare App to make your meetings intuitive and interactive.

It offers a range of capabilities for more effective collaboration in your medium-to-large meeting rooms including annotation so meeting participants can add comments to slides, blackboarding so details can be updated in real time and complete touch-screen control through ClickShare CX-50 touchback support feature. Use the ClickShare Button and the ClickShare App for an intuitive and consistent user experience.

### **Better hybrid meetings? Yes! With smart, intuitive meeting flows in the ClickShare App**

Smart intent-based meeting flows make your meeting experience stress-free. Walk into the room, you immediately see if the room is available or booked. Automatically connect to the meeting room (PresentSense ultrasound proximity detection) or plug in a Button. ClickShare guides you as a host or participant (HostFlow). Start the meeting from your personal calendar with a single click (One-Click-Join).

Share your presentation, keep track of remote participant's video, side by side (ConferenceView). Share full screen or application window, while keeping your laptop screen private for note taking. When you end the call, the meeting room becomes a digital signage display.

### **A user-friendly experience and enhanced security**

A set of IT friendly features makes ClickShare Conference a perfect fit to any enterprise environment. ClickShare Conference, excelling in enhanced security, offers an advanced network integration in any IT-network. With the XMS Cloud Management Platform you enjoy easy management of units, intuitive user experiences and clear analytics to drive your digital workplace.

For practical questions on the advanced network and AV integration options of the ClickShare Conference CX-50, check our technical support or get in touch with your Barco contact.

You can have ClickShare in your meeting rooms without delay, thanks to strong inventory levels for all models.
